The English Opening is a chess opening that begins with the move: . 1. c4. A flank opening, it is the fourth most popular and, according to various databases, anywhere from one of the two most successful to the fourth most successful of White's twenty possible first moves. White begins the fight for the centre by staking a claim to the d5-square from the wing, in hypermodern style.

Sicilian Defence: Najdorf Variation—Wikipedia

It is easy to understand why the English Opening is very popular at all levels, from club player up to Grandmaster level. The variations are less forcing and superior chess skill is required to outwit your opponents in the middlegame. In the English, white plays 1.c4 and fianchettoes the white kings bishop to g2.
