In social studies, a political ideology is a certain set of ethical ideals, principles, doctrines, myths or symbols of a social movement, institution, class or large group that explains how society should work and offers some political and cultural blueprint for a certain social order. A political ideology largely concerns itself with how to allocate power and to what ends it should be used.

The history of fascist ideology is long and draws on many sources. Fascists took inspiration from sources as ancient as the Spartans for their focus on racial purity and their emphasis on rule by an elite minority. Fascism has also been connected to the ideals of Plato, though there are key differences between the two. Fascism styled itself as the ideological successor to Rome, particularly the ...

Reactionary ideologies can be radical, in the sense of political extremism, in service to re-establishing past conditions. In political discourse, being a reactionary is generally regarded as negative; Peter King observed that it is "an unsought-for label, used as a torment rather than a badge of honour."
