On your iPhone, after the user manual is downloaded into your iBooks, it should automatically open, tap Read one more time. Don ' t forget to tap the screen in iBooks to show the menus to view at the table of contents, change fonts, and search the user guide. See for the magnifying glass in the upper right corner to explore.

iPhone SE User Guide and Manual Instruction for Beginners

A user guide, also commonly called a technical communication document or manual, is intended to give assistance to people using a particular system. It is usually written by a technical writer, although user guides are written by programmers, product or project managers, or other technical staff, particularly in smaller companies. User guides are most commonly associated with electronic goods, computer hardware and software, although they can be written for any product. Most user guides contain
